SAMPLING VALVE

HEPURE

“Perfection is achieved, not when there is nothing more to add,
but when there is nothing left to take away”

ANTOINE DE SAINT-EXUPÉRY

Sampling without flushing

Thanks to pass-through technology, there are no more areas to flush with wine.

✔ Less time, less waste, lower sampling cost

Reliable samples

A single spout, easy to clean, drawing from the heart of the wine with no dead zone.

✔ No surprises at tasting

✔ Fully reliable analyses

Design & Manufacture

D-INNOVATION

BORDEAUX

D-INNOVATION SAS, share capital €50,000
9 ZA GRAND CAZEAU
33 750 BEYCHAC ET CAILLAU FRANCE
RCS BORDEAUX 829 830 512

Installation without PTFE tape

Fit and remove HEPURE in seconds, with a perfect seal and no need to worry about its angular position.

✔ Access to the critical areas of the fitting to prevent any contamination

Discreet and secure

HEPURE is compact and has a sleek safety cap.

✔ Blends in with stainless steel, concrete, ceramic and wooden tanks

✔ Complete protection of the wine

Easy maintenance

A valve that is easy to maintain is a well-maintained valve. HEPURE can be dismantled in seconds with a simple coin.

✔ Always clean, always working

Anton Paar compatible

With the Anton Paar ADAPTER, HEPURE lets you measure density directly inside the tank.

✔ Less time, less waste, lower cost per density reading
